

# **POORNIMA PRINTERS**

---

**(Since 1982)**

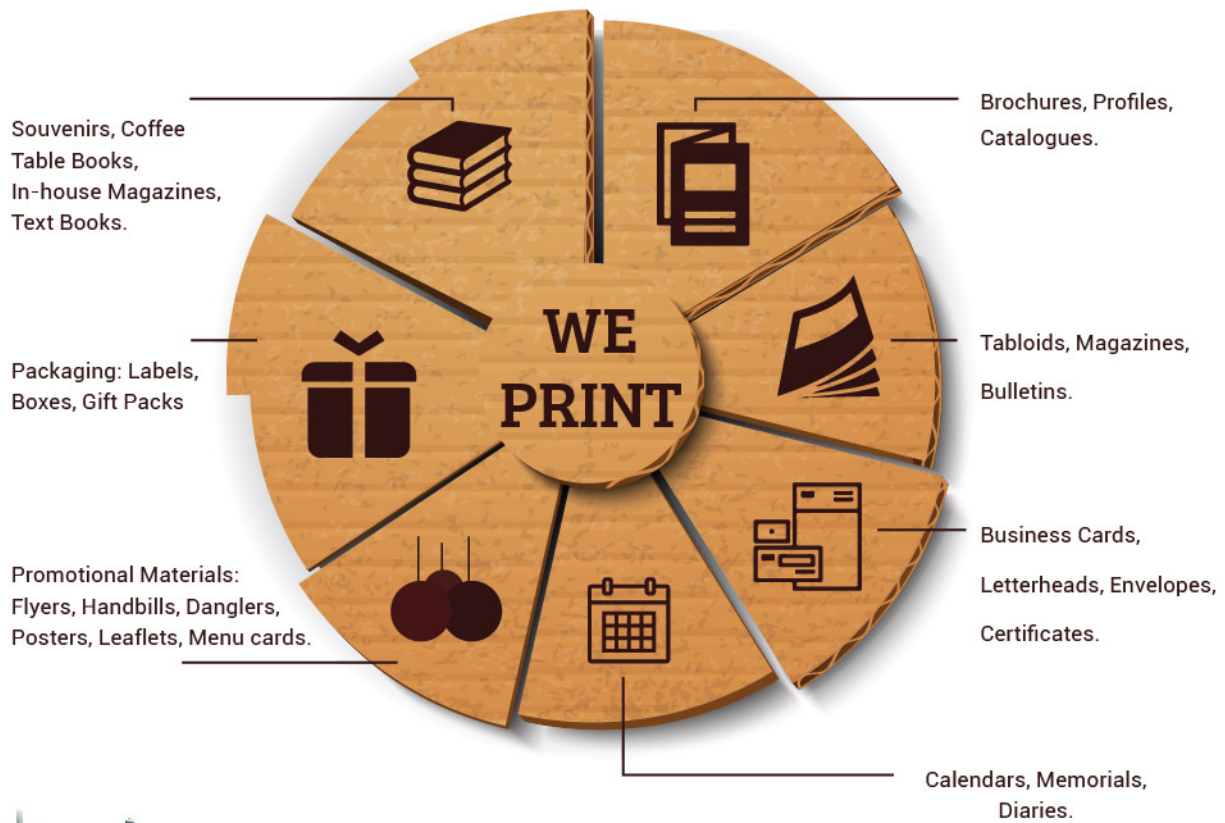

# ABOUT US

**Poornima Printers, (Since 1982)** an offset printing and designing firm headquartered in Bangalore, India and has been around for over three decades now.

We go the extra mile in pursuit of excellence which drives us further into adopting newer technologies, skilled man power and latest machineries.

We have catered to variety of printing services from small scale to large scale establishments from both domestic and International Market.

We are fully committed to provide highest standards of service, successfully integrating leading Technology with Traditional Values.

# Infrastructure

## PRE-PRESS

We use Computer-to-Plate (CTP) thermal imaging technology, which produces first generation dots with efficient and fine images. We work on software's like Adobe In- Design, Illustrator, Photoshop, PageMaker, Corel-Draw. For Imposition we use Kodak-preps.

## PRESS

We print on Single to Multi colour printing machines, in different sizes, on both straight and perfect mode.

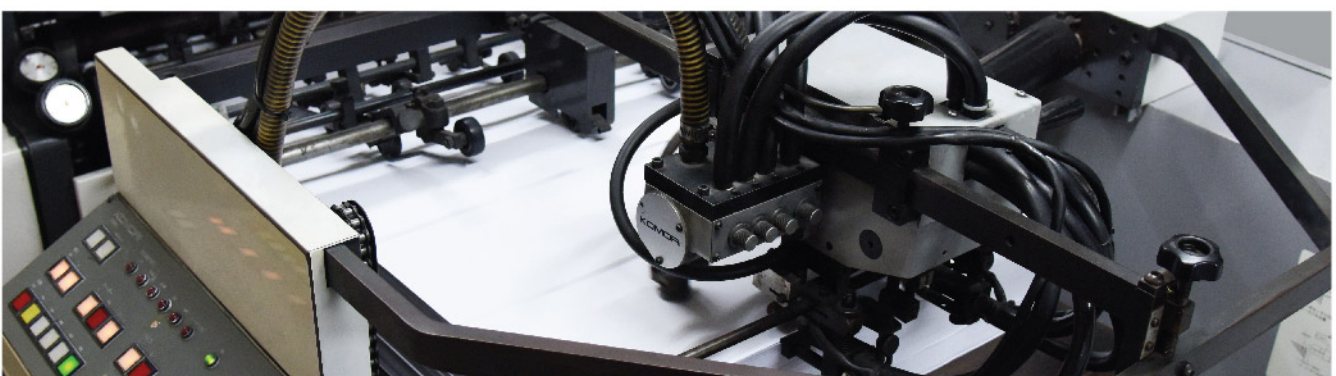

We at Poornima Printers have more than 3 decades of printing experience and have upgraded ourselves in the printing industry towards the production of high quality, faster turnaround, personalized

multicolour printing. Our highly skilled, trained and experienced manpower handle challenging jobs every day with care and professionalism, we make sure that every print we take is perfect in all respects. Every stage is closely monitored and intervened to ensure quality of end product.

## POST PRESS

Post press includes various types of finish work such as **trimming, embossing, foiling, die-cutting, folding and binding.** The main purpose of a press check is to ensure that the color on press comes as identical as possible to the color proof.

**We are equipped with Automatic folding machines, stitching, sewing, die-cutting, punching, perfect binding, laminating, wire stitching, coating, perforating, Aqueous Varnishing, Programmable paper cutting, shrink wrapping etc.**

We are a one stop solution that can handle all your printing needs from Processing, Printing, Binding, Packing to Despatching.

We are preferred partners for our customers for their Printing needs. We have the skilled manpower, the latest technology and the desire to match and exceed the quality requirements as well as deadlines of our clients.

We are a complete solution provider for designers, advertising showbiz agencies and professional print buyers as a one stop, with our skilled and motivated team giving their best with cutting edge technology.

We are tied up with all major logistics support providers / shipping agents who can deliver the finished products anywhere in India and abroad, at our client's door.
